ABOUT ME

I am extremely passionate and enthusiastic web geek who got into the industry relatively late, but fell in love with it immediately. Currently, I am more familiar with front-end technologies, but I'm also studying node.js, therefore back-end isn't strange to me. My ultimate goal is to know as much as possible.

EDUCATION

BIT -Belgrade Institute of Technology
2018.

Front-end web development
High-intensity ten weeks front-end bootcamp, (JavaScript and React.js)

The Academy of Criminalistic and Police Studies
2003-2007.

IT SKILLS

JavaScipt, React.js, OOP, Node.js (express), MongoDB (mongoose), CSS, SASS, Bootstrap, Materialize, Foundation, HTML5, Git, npm, yarn, webpack, parcel

PORTFOLIO
